COULD it be Imagined, that ungrateful Women, after so much laborious Drudgery, both by Day and Night, and the best of our Blood and spirits spent in your service, you should thus publicly Complain? Certain we are, that there never was Age or Nation more Indulgent to your sex; have we not condiscended to all the Methods of Debauchery? Invented more Postures than *Aretine* ever Dreamed of! Been Pimps to our own Wives, and Courted Gallants even with the hazard of our Estates, to do us the Civility of making us not only Contented, but most obliged Cuckolds: If he thought worthy to be esteemed a gentleman, that has not seven times pass'd the Torrid Zone of a Venereal Distemper, or does not maintain, at least, a Brace of Mistre-es; Talk not to us of those Doating Fumblers of seven or eight hundred years Old, a Larke is better than a Kite; and Cock-sparrows, though not long liv'd, are undoubtedly preferable for the work of Generation before dull Ravens, though some think they live three hundred years: That our Island is a Paradise for Women, is verified still by the brisk Activity of our Men, who with an equal Contempt scorn *Italian* Padlocks, and despise *French* Dildo's, knowing that a small Doze of Natures Quintessence, satisfies better in a Female, than the largest Potion infused by Art.

Let silly Cits--- complain never so much that Madam Money is Dead and Buried, we dare Appeal to all the Commissioners of *Whetstone's Park*, the suburb Runners, and *Moorfields* Night-walkers, if ever they had better Trading; Nay, have we not forced languishing Nature by preparations of Cantharides,

spiced Meats, Anchoves, Cullises, Jelly-broths, Lambstones, Diafatyrrion, Bononia sawsages, &c. All to answer the height of your Amorous Passions, and prevent the pitiful Letchery of an Artificial Tranguin. Have we not with excess of patience borne your Affronts, been sweated, Purged, Fluxed between two Feather-beds, Flog'd, Jib'd, and endured all the rest of the Devils Martyrdoms, and will you still offer to Repine? Certainly experienc'd *Solomon* was in the right, when he told us that the Grave and the Womb were equally Insatiable.

But why must innocent COFFEE be the object of your spleen? That harmless and healing Liquor, which Indulgent Providence first sent amongst us, at a time when Brimmers of Rebellion, and Fanatick Zeal had intoxicated the Nation, and we wanted a Drink at once to make us sober and Merry: 'Tis not this incomparable settle Brain that shortens Natures standard, or makes us less Active in the Sports of *Venus*, and we wonder you should take these Exceptions, since so many of the little Houses, with the Turkish Woman stradling on their Signs, are but Emblems of what is to be done within for your Conveniencies, meer Nurseries to promote the petulant Trade, and breed up a stock of hopeful Plants for the future service of the Republique, in the most thriving Mysteries of Debauchery; There being scarce a Coffee-Hut but affords a Tawdry Woman, a wonton Daughter, or a Buxome Maide, to accommodate Customers; and can you think that any which frequent such Discipline, can be wanting in their Pastures, or defective in their Arms? The News we Chat of there, you will not think it Impertinent, when you consider the fair opportunities you have thereby, of entertaining an obliging friend in our Absence, and how many of us you have dubb'd Knights of the Bull-Feather, whilst we have sate innocently sipping the Devils Holy-water; we do not call it so for driving the Cace-dæmon of Letchery out of us, for the truth is, it rather assists us for your Nocturnal Benevolencies, by drying up those Crude Flatulent Humours, which otherwise

would make us only Flash in the Pan, without doing that Thundering Execution which your Expectations Exact, we dare Appeal to Experience in the Cafe.

Coffee is the general Drink throughout Turkey, and those *Eastern* Regions, and yet no part of the world can boast more able or eager performers, than those Circumcis'd Gentlemen, who, (like our modern Gallants) own no other joys of Heaven, than what consists in Veneral Titillations; the Physical qualities of this Liquor are almost Innumerable and its vertues (if you will beleive *Pointing*, able to out-noise the Quack-bil of an all-healing Doctor, when your kindness at the Close Hugg has bestowed on us a virulent Gonorrhæa, this is our Catholicon, *Ens Naturæ* and *Aqua Tetrachymagogon* is an Ass to it, 'Tis base adulterate wine and furcharges of Muddy Ale that enfeeble nature, makes a man as salacious as a Goat, and yet as impotent as Age, whereas Coffee Collects and settles the Spirits, makes the erection more Vigorous, the Ejaculation more full, adds a spiritualescency to the Sperme, and renders it more firm and suitable to the Gusto of the womb, and proportionate to the ardours and expectation too, of the female Paramour.

As for our taking Tobacco you have no reason to object, since most of your own Sex are so well skilled in managing a pipe; and if you find that of your Husbands to be naught, 'tis his natural infirmity, or your own perpetual Pumping him (not drinking Coffee) is the occasion of the defect, and therefore let such *Tom Farthings* be forbidden the decoction of the rare *Arabian Berry*, and condemned everlastingly with the rest of doelittles Congregation, to the carrying of Glister-pipes for the use of the well effected Sisterhood.

You may well permit us to talk abroad, for at home we have scarce time to utter a word for the insufferable Din of your ever active Tongues, the Foolish extravagancies of our lives, are

infinitely out-done by the wild Froliques of yours; 'Till Noon you lie a Bed hatching Concupiscence, then having paid your Adorations, to the Ugly Idol in the Glass, you descend to Dinner were you gormondize enough at one Meal to Famish a Town Besiedg'd; after that, you are call'd out by a Cozen, and hurried out in his Honours Coach (whose jogging, serves as a Preparative to your Letchery) away to the Play-house, where a Lascivious Dance, a Bawdy Song, and the Petulant Gallants Tickling of your hand, having made an Insurrection in your Blood, you go to Allay it with an Evenings Exercise at the Tavern, there you spend freely, yet being Rob'd of nothing we can miss, home you come in a Railing humour, and at last give us nothing for Supper but a Butter'd Bun.

Cease then for the Future your Clamours against our civil Follies. Alas! alas! Dear Hearts, the Coffee house is the Citizens Academy, where he learns more Wit than ever his Grannum taught him, the Young-Gallants Stage where he displays the Wardrobe of his excellent no parts; 'Tis the Non Cons Bull-baiting, the News-mongers Exchange, the Fools business, the Knaves Ambuscade, and the Wife mans Recreation: Here it is where we have the sparkling Cyder, the mighty Mum, and the back recruiting Chocolate; 'Tis Coffee that both keeps us Sober, or can make us so; And let our Wives that hereafter shall presume to Petition against it, be confined to lie alone all Night, and in the Day time drink nothing but Bonny Clabber.

FINIS.
